

GLENDALE COMMUNITY COLLEGE

FIREFIGHTER ACADEMY SPRING and FALL SEMESTERS Glendale Community College Firefighter Academy

A certificate program consisting of a group of college level courses in Firefighting Operations, Hazardous Materials recognition and Emergency Medical Services. The Academy follows the National Fire Protection Association 1001 Professional Firefighter Standards both in the classroom and in extensive hands-on experience, including live fire training. Due to the intense physical requirements it is **Highly Recommended** that students take the Fitness and Conditioning for Firefighters FSC134 prior to enrollment in the academy. It is extremely important to begin class in good physical condition. On the first day of class students will be required to complete a physical agility test for identifying weaknesses in conditioning.

Due to the nature of this program, students are required to have sponsorship. They serve in the capacity of Reserve, College Mentor, Recruit or Volunteer Firefighter with a Fire Department or Agency. **THE STUDENT MUST BE SPONSORED BY THE DEPARTMENT OR AGENCY FOR THE ENTIRE PROGRAM. STUDENTS WHO, FOR WHATEVER REASON, ARE NO LONGER EMPLOYED OR SPONSORED BY A DEPARTMENT OR AGENCY WILL BE DROPPED FROM THE PROGRAM.**
